

## Powerful Torque. Legendary Reliability.

Every winch in the new lineup is designed and built to meet the demanding standards set by the WARN name.

### 3-STAGE PLANETARY GEAR TRAIN

Proven to be the most reliable, efficient and durable design under the worst conditions in the world.

### CLUTCH

For easy freespooling of wire rope.

### AIRCRAFT-GRADE WIRE ROPE

Galvanized for corrosion resistance.

### MECHANICAL BRAKE

Designed to hold the full rated load

### HOOK WITH LATCH

Includes hook strap for proper handling of hook and wire rope.

### SERIES WOUND MOTOR

Delivers high torque output and fast line speed.

### FAIRLEAD

Roller or Hawse fairlead helps to guide wire rope

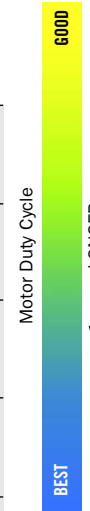

### HAND-HELD REMOTE CONTROL

All-weather construction with 12' lead.

Vehicle Self-Recovery Winches  
for Trucks and SUVs

## ULTIMATE PERFORMANCE SERIES

# NEW WARN LINEUP: SELF-RECOVERY WINCHES FOR TRUCKS AND SUVs

### ULTIMATE PERFORMANCE FOR THE SERIOUS OFF-ROADER

Ambitious. Advanced. Tough-as-nails. Revolutionary technology fuels the best winches on the market today. No-compromise construction, extreme sealing and the highest in performance and reliability make them a perfect match for the serious off-roader. Backed by the WARN Limited Lifetime Warranty.

## HEAVYWEIGHT SERIES

### BIG WINCHES FOR BIG TRUCKS

The brute strength that heavier trucks and SUVs need. Featuring pulling capacities of up to 16,500 lbs. and higher strength carrier plates to handle heavy gear-train stresses, these winches are the most powerful on the market. All backed by the WARN Limited Lifetime Warranty.

## PREMIUM SERIES

### CLASSIC DESIGN. PROVEN PERFORMANCE

Long-time best selling winches, such as the XD9000i and the M8274-50 have been chewing up the competition for years. Pulling capacities of up to 9,000 lbs. and compact, efficient and effective designs have made these cult favorites. Includes the WARN Limited Lifetime Warranty.

## VALUE SERIES

### BEST VALUE FOR ENTRY LEVEL

New to the pack, the Tabor series is designed to deliver the best value for the entry level winch user. Customers will appreciate the quality of a winch from Warn Industries in a lower price bracket. One year limited warranty.

## ULTIMATE PERFORMANCE SERIES

**9.5xp Extreme Performance** Top of the line. Fast and powerful. Delivers the fastest line speed under load and longest duty cycle of any WARN self-recovery winch. 9,500 lb. capacity. Comes with 100' of 5/16" wire rope.

**9.5ti Thermometric** Massive protective structure combined with sophisticated operator feedback. 3-stage planetary gear train delivers 9,500 lbs. of pulling capacity, fast line speed and long duty cycles. Thermal sensor relays temperature information to operator with LED indicator.

**9.5si MOSFET Control** All the features of the 9.5ti with the addition of the MOSFET Solid State control technology, which eliminates solenoid pack and its electro-mechanical functions. The most advanced, reliable and durable control pack on the market today.

**MOSFET Control** A ready retrofit for WARN low profile winches. The most robust and reliable control pack possible. Replaces the electro-mechanical solenoid and uses no moving parts to control the Power In, Power Out and Stop functions.

## HEAVYWEIGHT SERIES

**16.5ti Thermometric** Highest capacity, most technologically advanced winch for big trucks. Gen II, Series Wound™ motor combined with a 3-stage planetary gear train delivers 16,500 lbs. of pulling power. Thermometric indicator LED provides operator feedback on motor temperature.

**M15000** A heavy-duty 15,000 lb. capacity winch with a 4.6hp Series Wound™ motor. Direct drive cone braking system. Control pack is designed for clearance and ease of access. Comes with 90' of 7/16" wire rope.

**M12000** Champion workhorse for heavy-duty winching. 3-stage planetary gear train combined with a 4.6hp Series Wound™ motor produce 12,000 lbs. of pulling power. Design is low profile so it fits where you want it.

## PREMIUM SERIES

**XD9000i** Fast and reliable in real trail conditions. No-load retrieval line speed of 38' per minute. Integrated solenoid. Runs cool with low amp draw for long winching duty cycles. Comes with 125' of 5/16" wire rope.

**XD9000** Long-time best seller. A durable 9,000 lb. winch with a compact body and separate control pack that allows you to use it in tight spaces. Comes with 100' of 5/16" wire rope.

**M8274-50** The fastest is even faster. Our original 8,000 lb. capacity off-road winch. No-load retrieval line speed of 73.4' per minute. Line capacity is long - 150' of 5/16" wire rope.

**M8000** Compact puller for trucks, sport utilities and Jeeps. An 8,000 lb. capacity winch that offers outstanding value. Available with either 80' of wire rope and hawse fairlead or 100' of wire rope and roller fairlead.

**M6000** Medium- to light-duty winch with big ideas. A compact 6,000 lb. winch with a fast line speed of 10 ft. per minute full-load pull rate. 4.8hp Series Wound™ motor delivers big torque and power.

## VALUE SERIES

**Tabor 9k** Best value on the market. 9,000 lb. capacity, low profile winch with automatic brake and freespooling actuator. Comes with 100' of wire rope.

**Tabor 12k** Big value. Big power. 12,000 lb. pulling capacity, low profile winch with automatic brake and freespooling actuator. Comes with 80' of 3/8" wire rope.
